A BUSINESS NETWORKING APPLICATION

World's largest business referral & networking organization

World's largest business referral & networking organization

PROBLEM

The client had 3 disparate legacy systems working in silos across geographies. They required a centralized system to optimize their operations and connect their members on a collaborative global platform.

SOLUTION

- ▶ Built a global platform using latest enterprise web based application frameworks.
- ▶ Map and network 200.000 members across their physical chapters supporting 50+ diverse language demographics.
- ▶ Custom Document Management and Content Management System with integrated Role Based Access Control.
- ▶ On-the-fly report generation tools with universal export formats

BENEFITS
